RECENT EXPERIENCE

CLAYTON COUNTY BOARD OF COMMISIONERS

September 2020 – December 2020

Worked alongside a Project Manager and Business Intelligence Analyst on jury data and services for the Clayton County Court System. Became extremely familiar with SQL Server Management Studio, Microsoft Visual Studio, SQL Server Reporting Services, React, and Agile product development.

ARDUINO RESEARCH

January 2020 – February 2020

Research with a professor to adapt knowledge in a different facet. Interacted digitally with the physical world. Major focus on the human-computer interaction. Use of sensors, timers and interrupts, and interface/UX design.

EDUCATION – OBERLIN COLLEGE

PURSUING DEGREE IN COMPUTER SCIENCE SENIOR, GRADUATION FEBRUARY 2022

While pursuing my bachelor's degree I am also proud to acknowledge that I am a College Football Player and taking apart of on campus organizations. Being the Treasurer for the Black Student Athlete Group on campus allows me to apply and refine my leadership and communication skills.

TOP PROJECT

F(x)

➢ Mobile app to be utilized by students to find social activities on campus
➢ Tools/Tech Used: React (JavaScript), Google Firebase
➢ Full-Stack development: worked heavily on discussion board front and back end as well as map implementation

SOFT SKILLS

Critical Thinking | Communication
Teamwork | Self-Management
Problem Solving
